Friday, October 5, 2007

Speaker: Lisa Quast, Executive
Vice President Strategy Planning,
Philips Medical Systems
Topic: “Achieving Your
Career Aspirations”

Lisa believes achieving success requires more than luck, more than hard work – it requires a plan. To help women take control of their careers and achieve their professional aspirations on their terms, Lisa authored a business self-help book, called Your Career, Your Way, that teaches women how to create their very own personal strategic plan – using easy to follow, step-by-step instructions and two fictional characters to easily explain the concepts and tools.
